**Greetings!** In the relatively short time that exCel's AFA CLAY PEEL has become available to the medical community it has enjoyed unparalleled success and acceptance. The AFA CLAY PEEL is already being used by Dermatologists and Plastic Surgeons in over 25 countries, worldwide, and orders for the AFA CLAY PEEL are increasing exponentially. This is because THE AFA CLAY PEEL WORKS! Patients experience immediate and dramatic improvement in the quality of their appearance as well as a rapid decrease in photo-pigmentation. And that is what counts! For more information about the AFA CLAY PEEL, its unique and dramatic cosmetic properties and how the AFA CLAY PEEL supplements and enhances your office treatment programs, contact exCel Cosmeceuticals Inc.
